YOUR RECYCLING & AMENDED SOIL EXPERTS

Scan the QR code for our Drone Video!

CONCRETE RECYCLING

Concrete is one of the most widely used materials in the world. Recycling concrete is cheaper than landfill disposal while benefiting the environment by conserving natural resources.

Acceptable Materials:
- Concrete
- Rock
- Block

Providing:
- 2A Modified Crushed Concrete
- #3 Clean Crushed Concrete
- 3A Modified Crushed Concrete

MACADAM RECYCLING

Acceptable Materials:
- Macadam free of any other materials.

Providing:
- Macadam Millings-Screened for consistent spreading. Great choice for parking lots and lanes.

SCREENED TOPSOIL

Soil manufacturing is the core of who we are. With over 25 years of experience, we are Berks County's top choice for quality screened soil. Our soil is tested and meets PA DEP standards. We strive for consistency in our mixes and prompt delivery of ready to spread soil.

The Following are soils we stock, but not limited to:
- Screened Topsoil (1/2" Minus)
- Rototilled Topsoil (2" Minus)
- Aged Compost
- Bio-Retention Soil & Rain Garden Mix
- Unscreened Topsoil
- Garden Soil
- Sand (ASTM C-33)

AMENDED SOIL

Send us your engineered specs and let us take care of the rest! Custom Blends are our specialty. We are able to mix the proper ratio of Topsoil, Compost, and Sand for your specific project. Our soil is stored in overhead storage bins for inclement weather protection.

COMPOST

Our Windrow Composting method allows us to control temperatures, oxygen, and moisture throughout our compost rows. The result of this breakdown is high quality dark soil with a high organic matter, rich in nutrients and a ph of 6-8.

Materials Accepted for Composting:
- Leaves

MULCH & ORGANIC RECYCLING

Help close the Loop with organic recycling for a more sustainable future.

Acceptable Materials:
- Brush
- Tree Limbs
- Clippings
- Wood Chips

Providing:
- Hardwood Mulch
- Filter Sock Mulch
- Single Ground Mulch
